Comments:	This QAR consists of an Issue 0 however it was issued following the first surveillance of the three-year period in order to update the manufacturer's address. This document therefore follows the report QAR CH/SEV/QAR19.0010/03 issued in 2022 after the renewal visit; there are no continuity solutions between the previous certificate issued by SEV - Eurofins Electric & Electronic Product Testing AG and the present one issued by EUT - Eurofins Product Testing Italy S.r.l. This QAR is therefore intended to be a successor to CH/SEV/QAR19.0010/03.
